WaterHog®

Eco Tiles

Scraper/Wiper Mats • Indoor/Outdoor

WaterHog Eco Tiles are designed to provide scalable flooring solutions for large areas.

• **Clean & Dry** – Bi-level surface effectively scrapes dirt and moisture from shoes, trapping it beneath shoe level to prevent tracking

• **Durable** – Reinforced rubber nubs prevent pile from crushing and extend the performance life of the mat

• **Fade & Stain Resistant** – Solution-dyed PET fabric (30 ounces per square yard) is resistant to staining, dries quickly, and will not fade or rot

• **Safe** – Certified high-traction by the National Floor Safety Institute (NFSI)

• **Eco-Friendly** – PET fabric is made from 100% post-consumer recycled plastic from drink bottles, and SBR rubber backing contains 20% recycled rubber from car tires

• Available in 8 colors with choice of 3 patterns: diamond, diagonal, or geometric

• Ideal for surface or recessed installations; worn or damaged tiles can be easily replaced

• Available with choice of 100-mil (1/4”) or 200-mil (7/16”) SBR cleated rubber backing

• Tiles can be installed inside or outside; solvent-free adhesive is required for installation (sold separately)

• Vinyl nosing available for border (sold separately)
