

Kneeling Comfort™ Mats

Anti-Fatigue Mats • Indoor/Outdoor

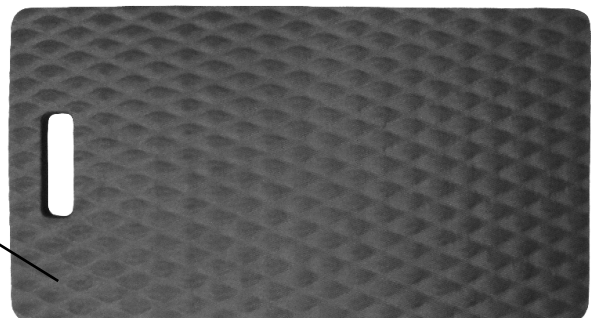

Kneeling Comfort is an anti-fatigue kneeling mat designed to alleviate the pain associated with kneeling for long periods or kneeling on hard surfaces.

- **Comfortable** – 7/8" cushion reduces knee trauma and lower back stress
- **Clean** – Closed-cell nitrile-blended rubber foam will not absorb liquids, and the 100% nitrile rubber surface easily wipes clean with soap and water
- **Durable** – Welding safe; chemical resistant; surface is grease/oil proof, cushion is grease/oil resistant
- **Safe** – Certified high-traction by the National Floor Safety Institute (NFSI)
- **Convenient** – Built-in handle enables easy transportation and storage
- ESD rating of electrically conductive

Durable surface

Welding safe; chemical resistant;
surface is grease/oil proof, cushion
is grease/oil resistant
